prepare students for an increasingly flat world a place where diverse people from divergent cultures learn and work together rather than in isolation learn specific steps to globalize your classroom and move beyond the call for students to memorize material to instead encourage higher order thinking these ideas assignments projects and assessments are all wrapped in a 21st century skills framework

building rapport with students can revive the promise of online education leading to greater success for students more fulfilling teaching experiences for faculty and improved enrollment for universities more students than ever before are taking online classes yet higher education is facing an online retention crisis students are failing and dropping out of online classes at dramatically higher rates than face to face classes grounded in academic research original surveys and experimental studies connecting in the online classroom demonstrates how connecting with students in online classes through even simple rapport building efforts can significantly improve retention rates and help students succeed drawing on more than a dozen years of experience teaching and researching online rebecca glazier

provides practical easy to use techniques that online instructors can implement right away to begin building rapport with their students including proactively reaching out through personalized check in emails creating opportunities for human connection before courses even begin through a short welcome survey communicating faculty investment in students success by providing individualized and meaningful assignment feedback hosting non content based discussion threads where students and faculty can get to know one other and responding to students questions with positivity and encouragement and occasionally also cute animal pictures she also presents case studies of universities that are already using these strategies along with specific data driven recommendations for administrators making the book valuable for faculty instructional designers support staff and administrators alike the science backed strategies that glazier provides will enable instructors to connect with their students and help those students thrive speaking to the paradox of online learning the book also explains that although the great promise of online education is expanded access and greater equity especially for traditionally underserved and hard to reach populations like lower income students working parents first generation students and students of color the current gap between online and face to face retention means universities are falling far short of this promise

the teacher toolbox for a calm and connected classroom is a whole child whole hearted approach to teaching wellness and student teacher relationships chock full of practical advice and brain based tools from an experienced teacher and counselor this book solves the question of how psychology and education can enrich and empower both teachers and students wellness peppered with relatable anecdotes from the authors experiences the book deals with how to help unpack the invisible backpack that both teachers and students bring into the classroom chapters are broken down to show how to practically address common issues such challenging behavior social emotional learning trauma informed education attachment theory mindfulness mental health and much more each chapter outlines these common challenges but also provides an abundance of practical tools that can be used to help written accessibly and with tools which are easy to implement the teacher toolbox for a calm and connected classroom is an indispensable guide for any teacher

cd rom contains links with annotations to internet sites discussed in text plus other selected sites 14 lesson plans

how many teachers take the time to connect with students on a personal level how do you find the time anyway teachers who manage to transcend the normal student teacher relationships can benefit everyone in school particularly the challenging students and along the way prevent school violence support school safety improve school climate and promote learning in a time of an increasingly rigid zero tolerance of the

slightest hint of violence which results in automatic suspension or expulsion allen n mendler calls for a more caring flexible approach to school safety connecting with students outlines dozens of positive strategies for bridging the gap between teacher and student through personal academic and social connections easily tailored to any learning environment the activities and guidelines provide you with the tools you need in the classroom from the h h greeting to the 2 x 10 method and the 4h think aloud and paradoxical strategies as both teachers and administrators alter their own attitudes and behavior they learn to listen to students and accommodate their needs the end result will be lasting relationships that can foster deeper understanding and growth for educators and students alike in this book you will discover ways to stay optimistic and persistent and see your students as having something to teach you note this product listing is for the adobe acrobat pdf version of the book
